EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Wilson on July 13, 2005.

The application has been amended as follows:

Claim 1, line 6, "means adapted to reset" has been changed to –means for resetting-;

Claim 1, line 8, "means adapted to receive" has been changed to –means for receiving-;

Claim 1, line 10-11, "means coupled to said connection resetting means and adapted to keep" has been changed to –means coupled to said connection resetting means and for keeping-;

Claim 1, line 14-17, "means coupled to said signal reception means and to said connection resetting means and adapted to delay said reset of said connection if said at least one signal is a terminated application signal and subsequently decide" has been changed to –means coupled to said signal reception means and to

said connection resetting means and for delaying said reset of said connection if said at least one signal is a terminated application signal and subsequently for deciding-;

Claim 6, line 6, “means adapted to reset” has been changed to –means for resetting-;

Claim 6, line 8, “means adapted to receive” has been changed to –means for receiving-;

Claim 6, line 10-11, “means coupled to said connection resetting means and adapted to keep” has been changed to –means coupled to said connection resetting means and for keeping-;

Claim 6, line 12-14, “means coupled to said signal reception means and to said connection resetting means and adapted to delay said reset of said connection if said at least one signal is a terminated application signal and subsequently decide” has been changed to –means coupled to said signal reception means and to said connection resetting means and for delaying said reset of said connection if said at least one signal is a terminated application signal and subsequently for deciding-;

Allowable Subject Matter

2. Claim 1-10 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior arts in the record fail to teach or make obvious to a communications stack comprising decision means for delaying connection resetting and for deciding to persist the connection if an application restarts successfully before expiration of the connection reset delay.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
